REDUCE YOUR WASTE PROBLEMS

**Unibaler are
Danish products**

Thank you for your interest in Unibaler UX5

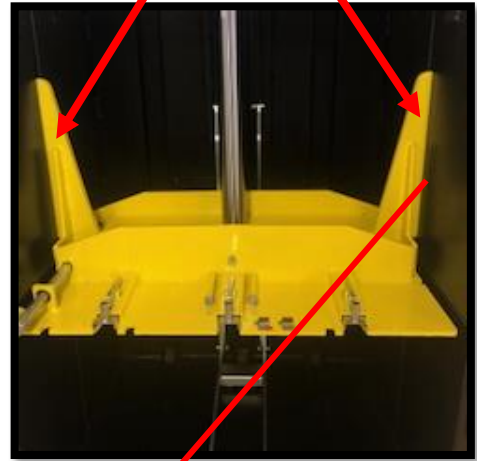

The UX5 is Unibaler's most popular model, which is due to:

- good price
 - easy to operate
 - large filling opening
 - runs on standard 1x240V power
 - the finished bale fits an EU pallet
 - the bale is tipped out automatically
 - extra solid discarding device, made of steel
 - easy to change straps
 - Unibaler's own designed binding system - which makes it easy to tie the baler - takes only 3-5 minutes!
 - Unibaler's unique design with extra reinforcement on both sides of the press plate to minimize the risk of wrong loading.
 - Schneider Electric operating system, one of the world's leading suppliers
- Life Is On | **Schneider**
Electric
- **"Plug and Play"**
Unpack it, plug in, and you're ready to press.
 - Exceptionally solid - a "fighting weight" of more than 700kg

Unibaler's own designed binding system
– it only takes 3-5 minutes to tie a bale

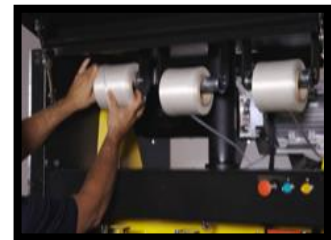

NOTE at Unibaler only: extra reinforced press plate with support on each side to minimize skew loading
